**STATEMENT OF SUBSTANCE OF
INTERVIEW**

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In response to the Interview Summary dated February 16, 2006, applicant
replies as follows:

Statement of Substance of Interview begins on page 2 of this paper.

Statement of Substance of Interview

This is a statement of the substance of the interview that occurred on January 20, 2006 between Examiner Benjamin R. Bruckart and applicant's representative Aniket Patel. It is in response to the Interview Summary mailed on February 16, 2006, and in supplement to the Amendment and RCE filed on January 24, 2006.

The Examiner and the applicant discussed the nature of the invention. Applicant suggested amending the claims to recite the feature of switching back from obtained delivery content to an original (HTLM formatted) content when an entering operation is executed (following display of the obtained delivery content, in place of the original content, when an entering operation did not occur within a predetermined condition). The Examiner did not agree that this amendment would place the application into condition for allowance, and indicated that further search and consideration would be required.

Other avenues of better clarifying the invention, such as the process used to send the information receiving program to the client computer, and the downloading and installation of the program on a web browser, were also discussed but no agreement was reached.

Applicant does not believe any fees to be due in connection with this Statement. Should applicant be incorrect in this regard, any fees due may be charged to our Deposit Account No. 50-1314.

Respectfully submitted,

HOGAN & HARTSON L.L.P.
